<input type="checkbox"/>	Content or scope of notified measure changed and text available from ¹ : New deadline for comments (if applicable):
<input type="checkbox"/>	Interpretive guidance issued and text available from ¹ :
<input type="checkbox"/>	Other:

Description: *Description:* Products covered: ICS: 33.160.01 (Audio, video and audiovisual systems in general), ICS: 35.020 (Information technology (IT) in general).

This addendum concerns the notification of the Ministerial Decree No. 7 /2025 (2 pages, in Arabic) that gives the producers and importers a six-month transitional period to abide by the Egyptian Standard ES 2501-1 "Audio/video, information and communication technology equipment - Part 1: Safety requirements " (828 page(s), in English)

This standard cancels and supersedes the Egyptian standard ES 2501.

It should be noted that the draft of Egyptian standard ES 2501 was formerly notified in G/TBT/N/EGY/157/Add.8 dated 9 October 2024, and the Ministerial Decree No. 241/2016 (3 pages, in Arabic) which was formerly notified in G/TBT/N/EGY/157 dated 15 August 2016, mandated among others the earlier version of this standard.

Worth mentioning is that this standard adopts the technical content of IEC 62368-1/2023.

¹ This information can be provided by including a website address, a pdf attachment, or other information on where the text of the final/modified measure and/or interpretive guidance can be obtained.

Producers and importers are kept informed of any amendments in the Egyptian standards through the publication of administrative orders in the official gazette.

Date of adoption: 1 January 2025.

Date of entry into force: The day following the date of publication in the official gazette.
